Dear Mr. Peereboom,

May I express my personal as well as institutional gratitude to you for the European Art Project of "Athena and the 11th Muse" that you have organized at Museum Volkenkunde in Leiden on the 30th of March 2012. Partly, the event was in honour of my departure from the director's position, which I have held for 20 years. I was deeply moved by it. Thank you!

I would like to recommend this beautiful and well-organized event OdiliaMedia to museums and galleries over Europe and other continents. They can find the relevant documentation at www.themuse.nl and the trailer of the Leiden event at: www.themuse.nl/news

Yours truly,

Dr. Steven Engelsman
